

Zakira Thasneem Aysha Sikkandar

Test Lead

Professional summary

Experienced **Test Lead** with 15 years of expertise in **manual testing and user acceptance testing (UAT)** across **web, mobile, and API applications**. Proven ability to lead teams, manage complete testing lifecycles, and deliver high-quality solutions within **Agile and Scrum frameworks**. Strong in test strategy, planning, execution, and stakeholder management, with a focus on driving efficiency, process improvement, and customer satisfaction.

Work history

Barclays Global Service Centre - Test Lead

08/2018 - 08/2025

- Led **UAT delivery** for Secure Channel, Premier, Open Banking, and API products.
- Managed **planning, execution, and reporting** of all test phases.
- Oversaw **project management activities** – estimations, schedules, and risk tracking.
- Ensured **compliance with QA standards** and product performance benchmarks.
- Applied **Agile and Scrum** practices for sprint planning and milestone delivery.
- Coordinated with **Product Owners and Developers** to align business needs and test coverage.
- Directed **mobile app UAT** for **Android and iOS** platforms.
- Maintained **testing artifacts** and published UAT metrics to stakeholders.

Barclays Global Service Centre - Senior Test Analyst

04/2015 - 08/2018

- Delivered **UAT testing** for **ROLB web platform** and **Barclays Mobile App**.
- Managed **test planning, execution, and closure** independently.
- Owned **IA estimation, timeline planning, and test strategy preparation**.
- **Led two testers**, assigning tasks and tracking daily progress.
- Joined **Scrum calls** to coordinate with Product Owners and developers.
- Maintained **encrypted test cases** and ensured **JIRA traceability**.
- Drove **process efficiency** in test execution and defect handling.
